Car Alarms

Car Alarms will protect your vehicle from the event of it being broken into or attempted theft. Our range of car alarms come with a minimum 3 year warranty. (If fitted by us or a Thatcham recognised installer appointed by us).

We can also provide bespoke car alarm systems to protect against the theft of catalytic converters. (Mercedes sprinters are the one of the most common to have the exhaust and cats stolen)

The majority of our car alarms can be interfaced with central locking and also GSM pagers.

Please browse our selection of car alarms but before placing an order please contact us to make sure you are purchasing the correct alarm for your vehicle.
